**Fieldwork Task 2: Question paper**Transportation and the promenade

Time allowed: 75 minutes. Complete questions 2.1 to 2.5. [Total score: 30]

This question paper and its appendix contain a total of **8 pages**.

You are now at point PtB (see Map 1b). At the end of this session, submit your question paper at station **ST3** (see Map 1b, Figure B4, at a pavilion overlooking the public pier). Make sure you have written your name and student number in the spaces provided on the question paper. Late submissions will not be accepted.

At fieldwork sites F1 to F3, and along the promenade (Green line; Map 1b), collect data and answer the following questions:

**Q**

2.1 Identify the uses and functions of the promenade. What kinds of activities occur here? (6 marks)

Human uses:

- Q 2.2 Identify the various means of public transport and complete Table B1 below. (10 marks)
- 2.3 On Figure B2, properly display the end terminals of various modes of public transport which are linked to Sai Kung Town. (6 marks)

Helpful hints:

- **Caution!** Mind the road traffic as you collect data at the transport hubs.
- Use straight lines to connect Sai Kung Town with the various public transport end terminals.
- You should make linkages only to the locations provided on Figure B2. Do **NOT** create your own location.

Table B1: Summary of public transport in Sai Kung. Use “N/A” to represent not applicable.

Mode	Route number	Serving days [Weekdays / Weekend / All days]	Connecting end terminal
e.g. Airplane	CX123	Weekdays	London
